Horror

Thriller

Five months following the murders at Hundred Acre Wood, Christopher Robin tries returning to his regular life working at the hospital while regularly attending therapy sessions to deal with his PTSD. Meanwhile, search teams have been sent out into the woods to hunt the purported monsters that Christopher claimed to have escaped, while much of the community aren't buying his "monster" story and believe him to be the killer of the group of girls in the woods. During his therapy sessions, Christopher recalls a childhood incident involving a group of missing children and his twin brother, who were all kidnapped during Christopher's 5th birthday party.

Seeking revenge on his former childhood friend, Winnie-the-Pooh is determined to find and kill Christopher along with the surviving adult members of Christopher's 5th birthday party. Pooh, alongside his terrifying beast friends, Owl and Tigger, begin killing Christopher's adult childhood friends one by one culminating at a rave party where Christopher lures the beasts back into the woods for a final confrontation to settle the old score once and for all.

Adventure

Crime

Drama

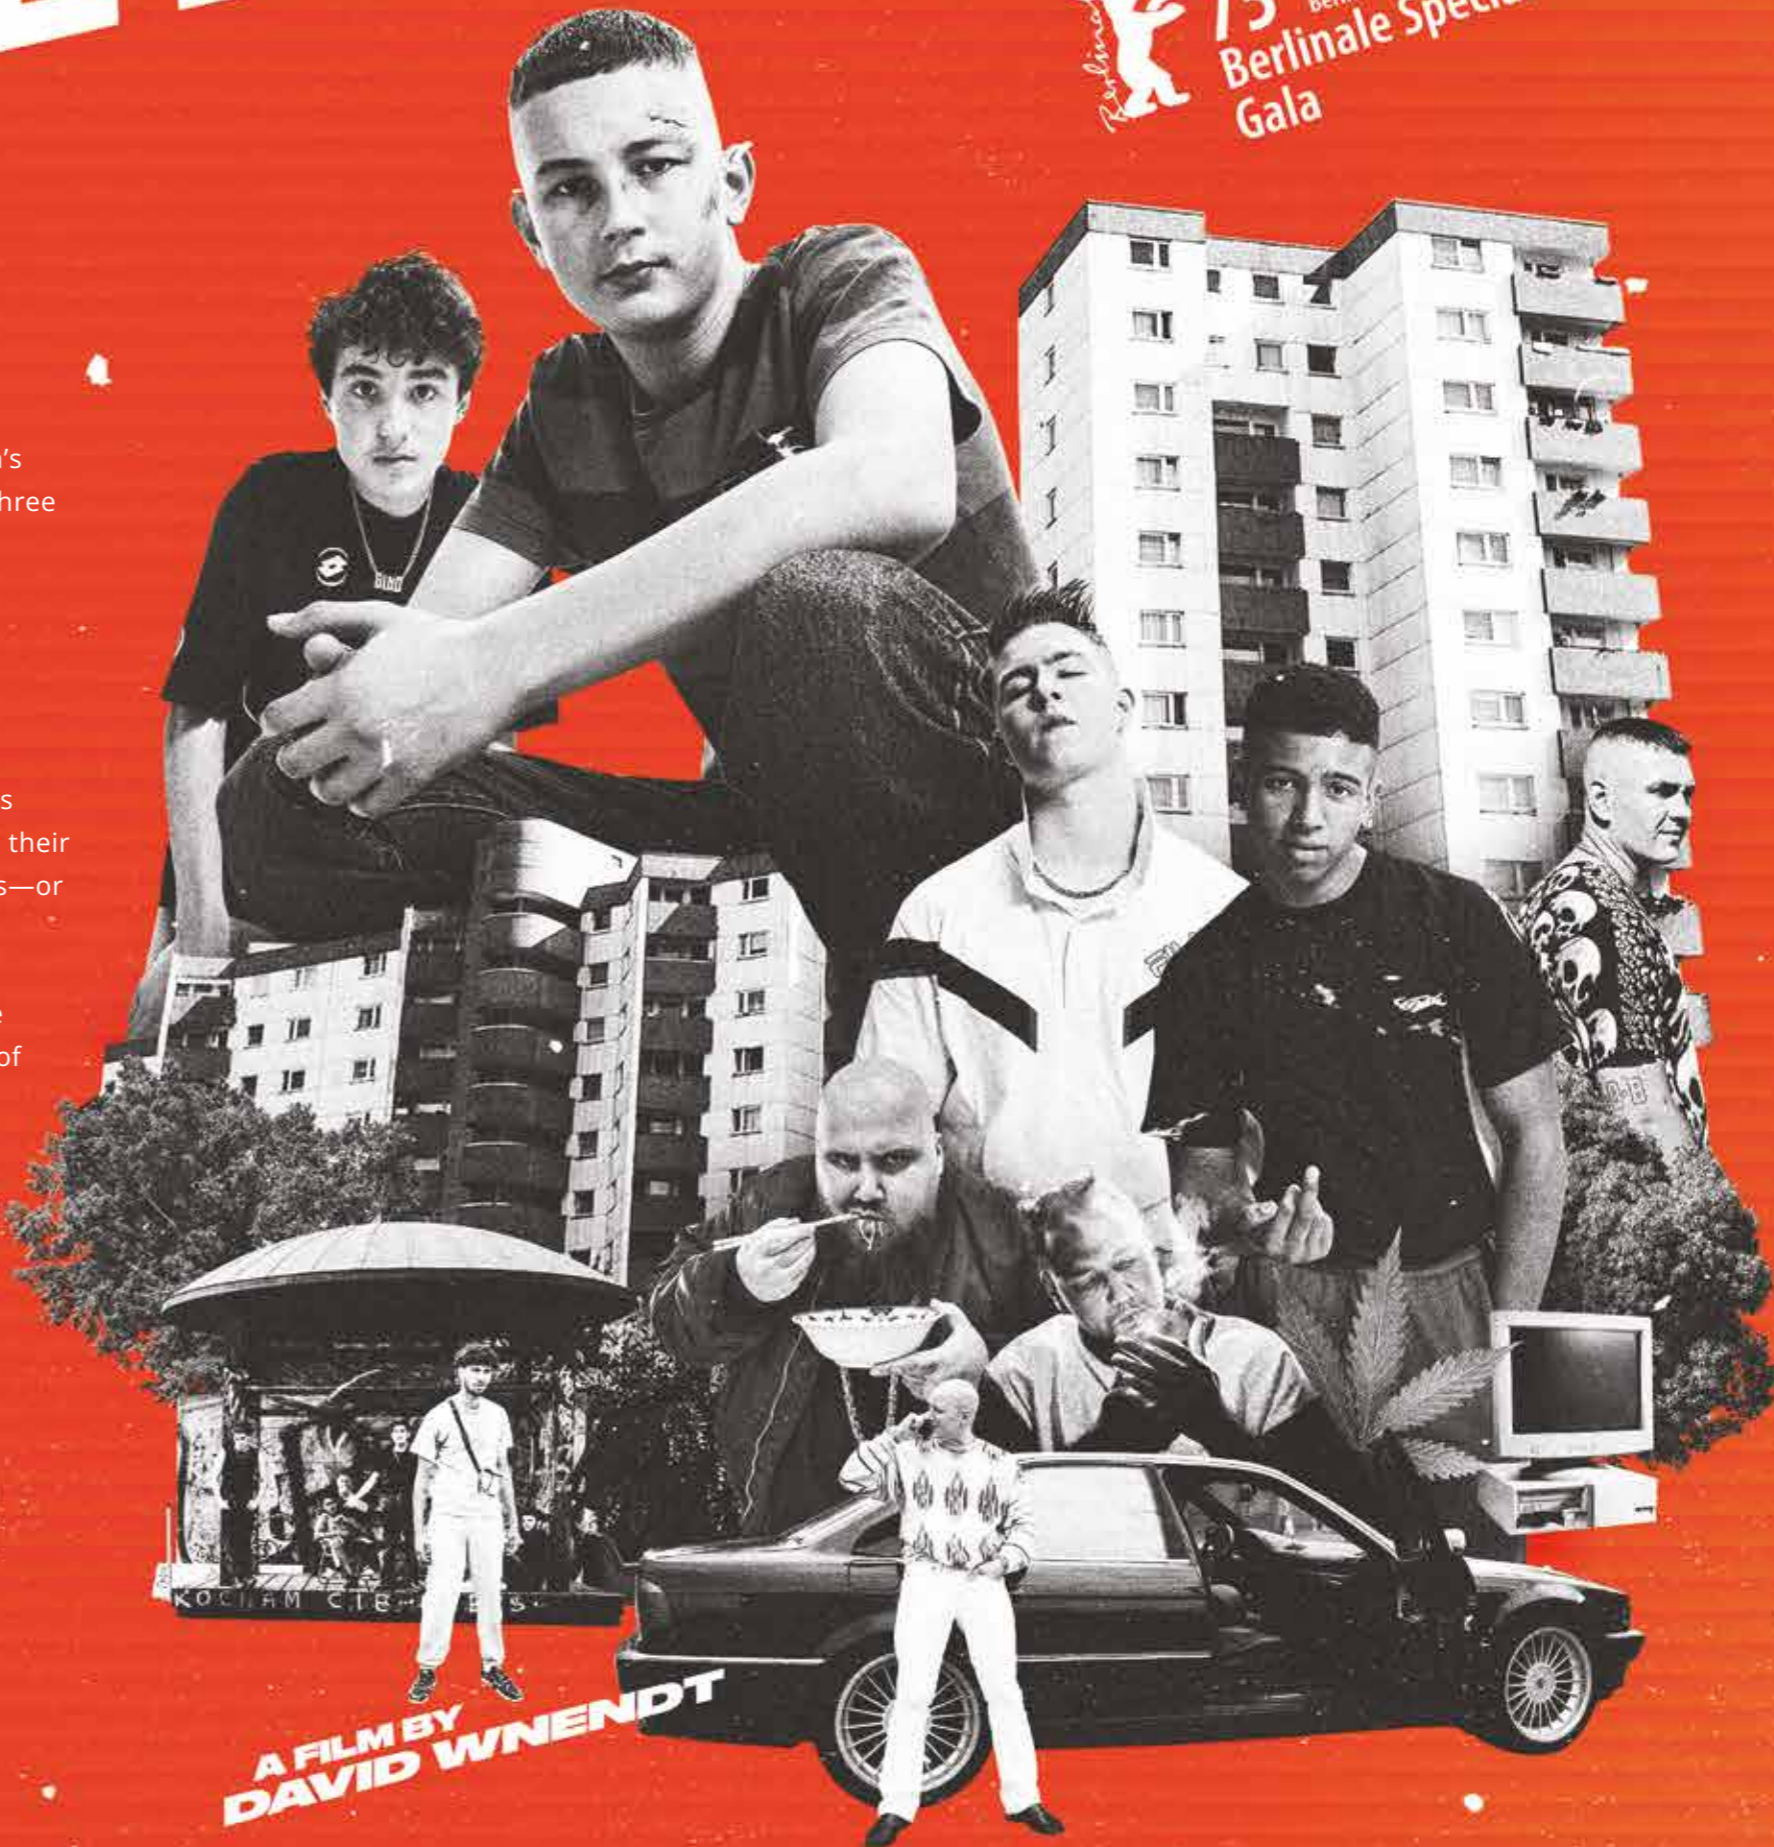

“Sun and Concrete” immerses viewers in the sweltering, record-breaking summer of 2003 in Berlin’s gritty, troubled neighborhood of Gropiusstadt. Amidst the oppressive heat and the urban decay, three 14-year-old boys—Lukas, Gino, and Julius—navigate the challenges of adolescence.

As the scorching sun beats down on the city, the trio must contend with problems at home and menacing drug dealers who lurk around every corner. With limited resources and their innocence fading, the boys are desperate to escape the suffocating grip of their neighborhood.

When a fateful encounter with rival dealers leaves Lukas owing €500 in protection money, the boys hatch a risky plan, guided by their resourceful new classmate Sanchez. Together, they’ll break into their school, steal the new computers from storage, and sell them. This will solve all their financial woes—or so they think.

In “Sun and Concrete,” the unrelenting heat of the infamous summer serves as a metaphor for the inescapable struggles that Lukas, Gino, and Julius face. The film masterfully captures the essence of growing up in an unforgiving urban environment, leaving viewers to ponder the boys’ fate and the future of a city pushed to its limits.
